

Name - _____

Start time - __ : __

End time - __ : __

Read the line plots and answer the questions:

Martha collected data from her classmates about their favorite colors and plotted the data on a line plot. Answer the following questions.

- 1) How many friends liked "green"?
- 2) How many of them chose "red"?.....
- 3) Which colors received only one vote?
- 4) What color(s) received the highest amount of votes?
- 5) How many of them chose "blue"?.....
- 6) How many of them chose "yellow"?.....
- 7) How many students answered "pink"?
- 8) Which colors received only two votes?
- 9) What color(s) received the least amount of votes?
- 10) What color(s) received the two votes?

Write all the colors mentioned in the line plot.
