

Name - _____

Start time - __ : __

End time - __ : __

Solve :

Peter carried out a survey among students to find out their favorite ice cream flavor. He made a pie graph with the survey results .Study the graph and answer the questions.

1) Which ice cream is the most popular among the students?

2) How many students participated in the survey?

3) Which is the least favorite ice cream?

4) How many students like mint chocolate chip ice cream?

5) How many students like either the chocolate flavor or blueberry flavor?
