

Name - _____

Start time - __: __

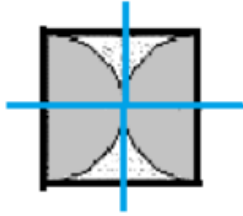

End time - __: __

Recognizing Lines of Symmetry : More than One Line:

- A figure may have more than one line of symmetry. In the following figures identify the number of lines of symmetry in each figure:

(a)

(b)

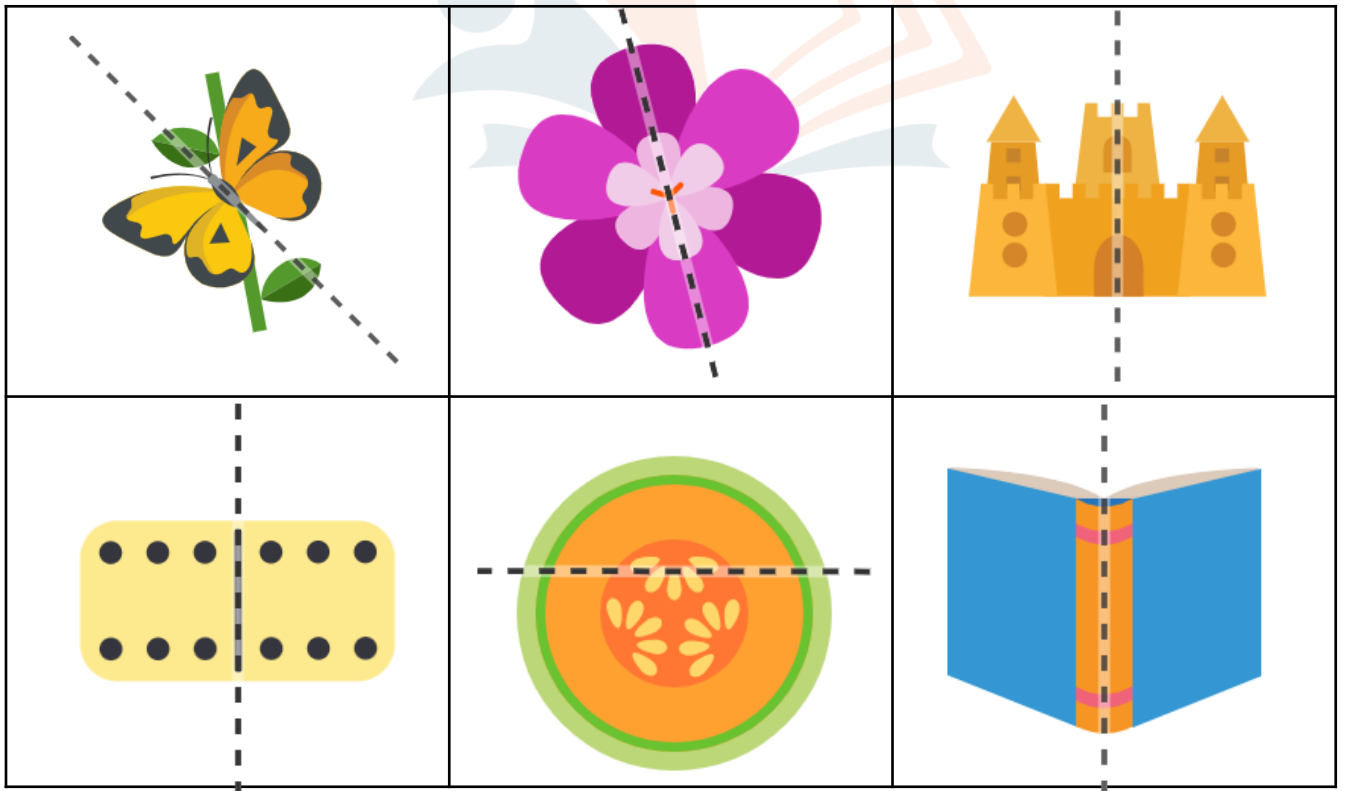

(c)

(d)

- Find in which of the following, the dotted line is a line of symmetry.

1

2

3

4

5

6

7

8

9
