Discuss how human activities can negatively impact biodiversity in ecosystems.

---

---

Differentiate between species diversity, genetic diversity, and ecosystem diversity.

---

---

Examine the given example of an ecosystem and answer the questions.

1. Identify two different species present in the coral reef ecosystem.

---

---

2. Describe how biodiversity contributes to the resilience of the coral reef ecosystem.

---

---

Discuss the role of conservation efforts in preserving biodiversity.

---

---

---

Explain the importance of biodiversity for human well-being and survival.
